## Y. M. C. A. DRIVE SET IN MOTION ON MONDAY, NOVEMBER 12TH

### ENTHUSIASM SHOWN BY ALL THE WORKERS

Brainerd's Biggest and Most Capable Professional and Business Men Enlisted in Movement

City Has Been Districted and Every Name is Listed---Everyone Given Opportunity to Contribute

Enthusiasm is characteristic of the workers for the Y. M. C. A. war fund. Many of the biggest and most capable of Brainerd's business and professional men are working until near the midnight hours to perfect plans for the canvass which begins Monday.

The city is being districted and every name is listed. Then, workers will systematically canvass the city. Everyone will be given an opportunity to assist—and it is thought that every one will want to help. This is a people's movement. The Y. M. C. A. was selected as the distributing agency because it is organized for just such work and has proven itself most capable of performing the task. It is non-sectarian and administers to the physical, social and moral life of every soldier.

President Wilson sent the following message to John R. Mott, general secretary of the Y. M. C. A.:

"May I not, in view of the approaching meeting of the War Work Council, express to you the very high value I have attached to the work which has been accomplished by the Young Men's Christian Association in behalf of our own army and navy as well as in behalf of the prisoners-of-war and the men in the training camps of Europe, and may I not express also my sincere personal interest in the large plans of the War Work Council for the work which is still ahead of the Association?"

The Young Men's Christian Association has, in the present emergency

as under similar circumstances in the past, tendered its services for the benefit of enlisted men in both arms of the service. This organization is prepared by experience, approved methods and assured resources, to serve especially the troops in camp and field. It seems best for the interest of the service that it shall continue as a voluntary civilian organization; however, the results obtained are so beneficial and bear such a direct relation to efficiency, inasmuch as the association provision contributes to the happiness, content and morale of the personnel, that in order to unify the civilian betterment activities in the army, and to further the work of the organization that has demonstrated its ability to render a service desired by both officers and men, official recognition is hereby given the Young Men's Christian Association as a valuable adjunct and asset to the service. Officers are enjoined to render the fullest practicable assistance and co-operation in the maintenance and extension of the association, both at permanent posts and stations and in camp and field. To this end attention of officers is called to the precedent and policy already established.

#### Y. M. C. A. Workers Attention

All team captains and all members of special committees of the Y. M. C. A. war fund are urged to meet at the Chamber of Commerce tonight at 8 P. M. to perfect arrangements for the canvass next week.

### The Appeal for the Y. M. C. A. War Fund

If our boys, tired, cold and mud-stained, could only knock at your door tonight, how wonderfully you would minister to them. With what eagerness you would comfort and feed them. You would do this in YOUR homes.

Let us do this for you in the camps and at the front—where YOU can not go. Help them by heroic giving. Some are giving thousands, thousands are giving some. All should have a share.

OUR BOYS will give their LIVES if necessary to make America safe for you. What will YOU sacrifice to give them a touch of home, love and cheer, TO HELP KEEP THE HOME FIRES BURNING IN THEIR HEARTS, to come home to us healthy physically and morally?

### Italy's Retirement Behind Piave River Has Been Completed

(By United Press)  
Rome, Nov. 10—Italy's retirement behind Piave river is now complete, and it is estimated that 1,000,000 are homeless in Rome. The entire civil as well as military evacuation of the territory between Livenza and the Piave rivers has been announced. Extra precaution has been taken to protect the art treasures in Venice.

### Pickets Planning Monster Suffrage Demonstration

Washington, Nov. 10—The pickets are planning a monster suffrage demonstration, protesting the imprisonment of pickets, before the white house today.

### Several Deaths Caused by Panic Boat Torpedoed

(By United Press)  
Washington, Nov. 10—The unauthorized lowering of boats caused several deaths when the American transport Finland was torpedoed, Admiral Simms reports in a dispatch. This is regarded as an indication that there was a slight panic occasioned by the submarine attack.

### Black Robed Men Tar and Feather 12 I. W. W. Men

(By United Press)  
Tulsa, Okla., Nov. 10—A mob of black robed, masked men took twelve I. W. W.'s from the police and lashed, tared and feathered them "in the name of the outraged women and children of Belgium," as the excuse.

### BORIS A. BAKHMETIEFF.

Envoy believes Russian government will survive ordeal.

Boris A. Bakhmetieff, Russian ambassador, in an address delivered at Memphis, Tenn., declared that if Russia is to achieve her political freedom the Maximalists who revolted against the Kerensky provisional government at Petrograd must be overthrown. Immediate peace, such as the Maximalists propose, he said, could result only in Russian oppression.

### German Air Men Bomb Hospitals

Paris, Nov. 10—The German air men continue to bomb hospitals, is an official statement. In the raid at Dunkirk several of the staff were killed and nine wounded.

Additional Telegrams on Page Four.

### Allied Situation Regarded as Sombre Express Confidence

(By United Press)  
London, Nov. 10—The press regards the allied situation as sombre but confidence is expressed that reinforcements by the French and British of the Italians would stem the German rush. No hope or prospect of early peace is seen by Bonnar Law or by the press of the country, however public opinion is steadying after receiving the double blow of the Russian and Italian disasters and the creation of the allied war council is expected to help the situation.

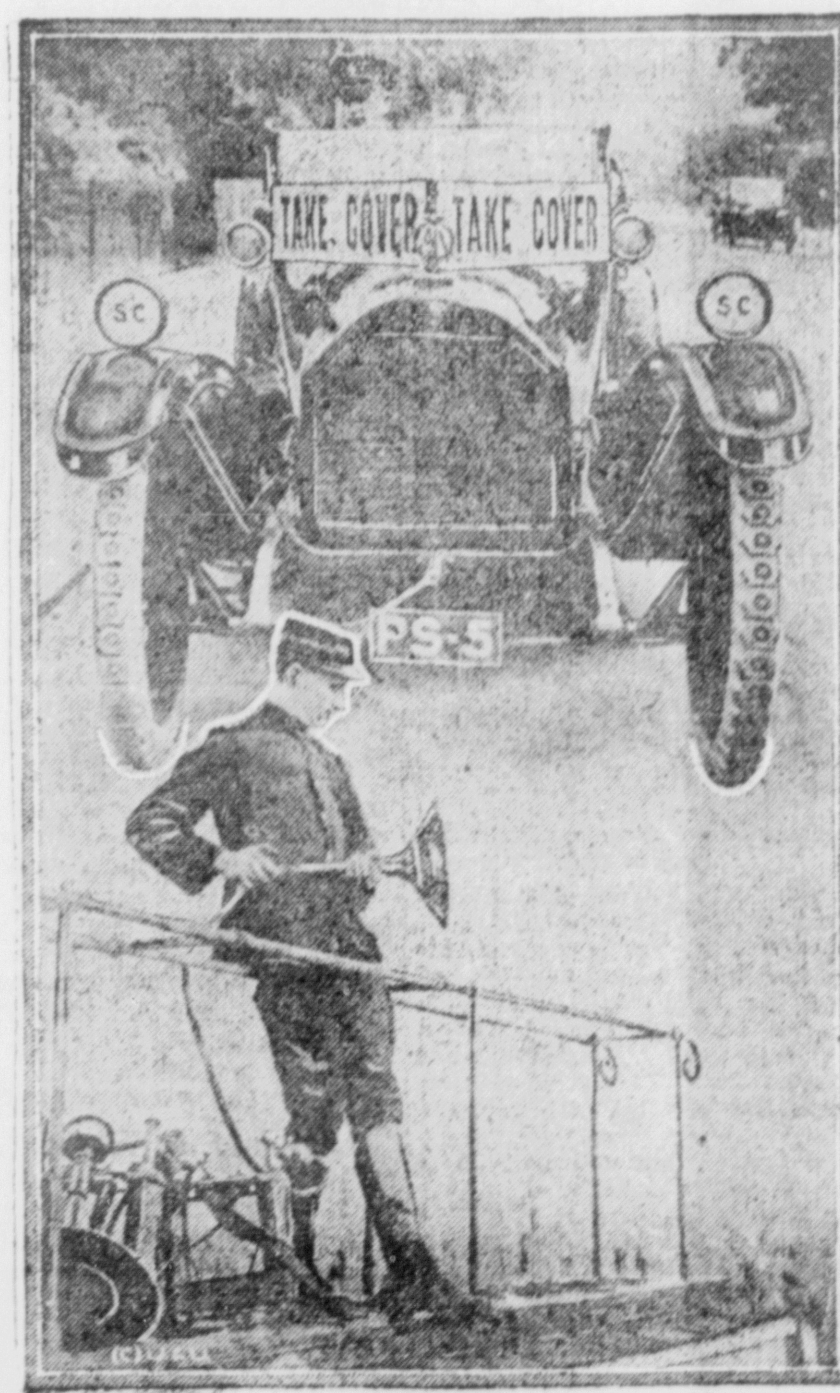

### British Troops Drive Wedge Mile

(By United Press)  
With the British Armies in Flanders, Nov. 10—The British troops drove the wedge nearly a mile further into the German positions out of Passchendale and Gen. Haig's men are reported to have achieved all objectives.

### North German Lloyd Steamship Company Offices are Raided

(By United Press)  
Hoboken, N. J., Nov. 10—The offices of the North German Lloyd steamship company were raided by an agent of the department of justice and the baggage of the officers and men who were taken from the North German Lloyd ships when war was declared was seized and taken for examination.

### How London and Paris Warn Populace of the Approach of Zeppelins

The upper photo shows an officer of the special constabulary in London with his automobile which he drives through the streets at breakneck speed on the approach of Zeppelins. The system has just been established. Thereby the public is warned to seek shelter. The words, "Take Cover," drive people into their cyclone cellars. In France the latest system is a series of powerful sirens at high altitudes throughout the city, similar to those used as a warning in the trenches.

### China Resentful Not Consulted in the Agreement

(By United Press)  
Tokio, Nov. 10—China formally announces that she will limit her recognition of special position which territorial proximity creates according to the Japanese-American understanding to the interests already established in the treaties, the announcement to this effect from the Chinese foreign office having been received here. The statement also said that China will not be bound by the notes exchanged between other countries and is resentful at not being consulted in the agreement.

### China Feels America Has Double Crossed Her in the Japanese Matter

Washington, Nov. 10—China feels that America has double-crossed her in the Japanese agreement and may even decide to ignore the plan for the recognition of the special rights of Japan. China was surprised and bewildered when she learned the contents of the agreement the United Press learns from sources close to the Chinese embassy. The agreement the Chinese hold contravenes the existing treaty between China and other powers and also is not ratified by the senate here, therefore China questions just what binding effect it has on America.

### Confirm Overthrow Kerensky Government Arrest of Cabinet

(By United Press)  
Washington, Nov. 10—Cablegrams from Ambassador Francis at Petrograd confirm the overthrow of the Kerensky government and confirm the arrest of cabinet members and the bombardment of the winter palace by the cruiser Aurora, no mention of loss of life being made. He said Petrograd was again quiet and would be until a responsible new government was established. The United States will take no action it is said here.

### GRAND JURY ENDS ITS LABORS TODAY

Returned 22 Indictments, Eight Made Public when the Parties were Arraigned in Court

Report Made to Judge W. S. McClenahan Praising Work of Stamping Out Illegal Sale of Liquor

The grand jury has completed its labors and returned 22 indictments. Of this number these have been made public:

Una Hill and Sven Koski, two joint indictments charging selling liquor without a license. They will plead Monday.

Steve Basnich, charged with adultery, arraigned and pleaded not guilty.

Julia Brukovich, charged with adultery, arraigned and pleaded not guilty.

Anna Tomac, charged with selling liquor without a license, arraigned and pleaded not guilty.

Mike Tomac, charged with selling liquor without a license, arraigned and pleaded not guilty.

Anna Tomac and Mike Tomac, joint indictment charging keeping an unlicensed drinking place, arraigned and pleaded not guilty.

Louis Krpan, charged with assault in the second degree, assaulting Jack Pagen Sept. 5 at Garrison. Arraigned and pleaded not guilty.

The balance of the indictments will be made public when the parties are arraigned.

No indictments were found against Sigrud L. Walker, Arthur L. Willis, Earl Frazer, Wallace Nygard and Alfred Sather.

The grand jury made the following report to Judge McClenahan, after which they were dismissed:

#### Grand Jury Report

To the District Court in the 15th Judicial District, held at Brainerd, Minn., Nov. term, 1917, Judge McClenahan presiding.

May it please the Court: In the prosecution of our investigations and deliberations on the various cases brought before us at this term of court, we, the grand jury, are painfully impressed with the extent to which the unlawful trade and dealing in intoxicating liquors still prevails in our county.

The incalculable influence it brings to bear, directly and indirectly, on the commission of crime, the vitiating of morals, and the consequent endangerment of life and property, all involving and causing a very large part of the public expense of the department of justice, is most emphatically pronounced in the

evidence brought before us in almost every case.

We heartily commend the painstaking care and arduous labors of our county and judicial officers in whose jurisdiction lies the execution of law in the restraint of this traffic, but we realize that little real progress is being made towards the control or extinction of the evil.

The nature of the situation has been clearly shown before the jury by the officers in charge, the extreme difficulty in securing evidence in order to convict, and the general shrinking of complainers of the evil and respectable people generally from the responsibility of aiding in prosecution, added to the confessed inadequacy of the penalty to restrain the traffic.

We are constrained, publicly and officially, to press the responsibility for the situation at the door of every citizen of the county, and urge that every citizen, seeing and realizing the evil, discharge his duty in suppressing the evil and aiding the officials in every way within their opportunity and capacity. Without the active support of public sentiment and influence in the execution of laws, official activities are comparatively fruitless.

We recommend that the Board of County Commissioners be duly instructed to appropriate necessary funds for efficient service in this line of work.

In this, the final report of our deliberations as a grand jury, we beg leave to state that it has been the unanimous desire of the members of the grand jury, from the start, to expedite matters and get through with the work before us as soon as possible; and in doing this we owe much to the earnest, efficient and systematic work of County Attorney Alderman, in securing the evidence submitted to us. Much of this evidence it was necessary to present through an interpreter, which of course took up a great deal of time. The county authorities are endeavoring to enforce the liquor laws, but it must be remembered that it is always extremely difficult to secure convincing evidence in these cases, owing to the nature of the business, and the secrecy connected therewith. The County Attorney and the Sheriff, have, however, been vigilant and industrious, in ferreting out and securing evidence in such cases, and the result is seen in the indictments we have returned for illegal liquor selling.

Dated Nov. 10th, 1917.  
L. P. HALL, Foreman.  
W. A. M. JOHNSTONE, Clerk.

There is more Catarrh in this sec-  
tion of the country than all other dis-  
eases put together, and for years it  
was supposed to be incurable. Doc-  
tors prescribed local remedies, and by  
constantly failing to cure with local  
treatment, pronounced it incurable.  
Catarrh is a local disease, greatly in-  
fluenced by constitutional conditions  
and therefore requires constitutional  
treatment. Hall's Catarrh Medicine,  
manufactured by F. J. Cheney & Co.,  
Toledo, Ohio, is a constitutional rem-  
edy, is taken internally and acts thru  
the blood on the mucous surfaces of  
the system. One Hundred dollars re-  
ward is offered for any case that  
Hall's Catarrh Medicine fails to cure.

\*\*\*\*\*  
WHAT THE RUSSIAN  
PARTIES STAND FOR  
\*\*\*\*\*

Maximalists—The party in-  
sisting on immediate institution  
of the "maximum pro-  
gram" of extreme Socialism—  
division of all property among  
the people, equal distribution of  
riches, government by conven-  
tions of the people, etc.

Bolshevik—Maximalists rais-  
ed to the 14th degree, who add  
to the Maximalist program the  
demand for internationalism,  
brotherhood of man, no wars,  
no armies, no navies. The close-  
est thing to them in the United  
States is the I. W. W. The  
party has grown up since the  
Russian revolution and many  
of its leaders formerly resided  
in the United States.

Socialist—Kerensky's party.  
Subscribers to general Socialist  
ideals, but recognizing the nec-  
essity of a change made gradu-  
ally and not antagonistic to  
anti-Socialistic means of great-  
er reforms.

Social Democrats—Party  
best typified by Prof. Paul N.  
Miliukoff and Prince Lvof, two  
of the leaders in the revolt  
which overthrew the czar. They  
are the Bull Moose party work-  
ers of Russia.

There are scores of other  
minor parties in Russia, all be-  
ing branches of these and in-  
cluding Minimalists (as near  
the reactionaries as Russia's  
democracy now permits) and  
Soldiers' parties.

WHITE LIGHTS  
NOT TO SHINE

Delegation Calls On President As  
Militant Wing Charges  
Plot On Member.

## VISIT IS SATISFACTORY

Hopes Heightened That Executive  
Will Support Suffrage Amend-  
ment at Coming Session  
of Congress.

Washington, Nov. 10.—Dr. H. A. Gar-  
field, United States fuel administrator,  
has laid down a hard and fast pro-  
gram intended to secure sufficient coal  
to all consumers. "White Light hours  
all over the country are from 7:45 p.  
m. to 11 p. m. In the first compre-  
hensive survey of the coal situation he  
has issued in weeks, he announced  
two decisive steps:

First—Immediate and thorough re-  
lief for congestion of the railroads that  
is hampering production at the mine;  
and

Second—Sharp discontinuance of all  
coal supplies for non-essential uses in  
the advancement of the war cause.  
This takes the joy of life from Broad-  
way and every other white light dis-  
trict in the country.

In conjunction with the railroad war  
board and the priority committee and  
all other agencies involved, the fuel  
administration will undertake to ex-  
pedite movement of coal trains, speed  
up unloading and hurry empties to the  
mines.

Operators have represented that  
they can work only about 70 per cent  
of the time because of the lack of  
cars. This percentage of efficiency is  
to be improved.

White Ways Curtailed.

Dr. Garfield directed that in future  
electric signs used for display adver-  
tising may be operated only between  
the hours of 7:45 and 11 p. m. Broad-  
way will be Broadway for only three  
and a half hours henceforth, but as  
Dr. Garfield sees it, Broadway may as  
well be dark if being dark it can help  
prosecute the war.

Electric street signs, and electric  
signs operated by merchants that are  
necessary when their stores are open,  
will not be affected. Hundreds of  
thousands of tons of coal will, it is  
expected be saved by curtailment of  
electric sign advertising.

Dr. Garfield expects to get action  
against non-essential users of coal,  
both by this and by other direct orders  
to classes and through priority orders  
to the railroads. He issued a rating  
of all coal users, to show the order in  
which they will receive their fuel.

Rating of Coal Users Made.

Ship building plants and airplane  
factories come first. Special arrange-  
ments have already been made to give  
them enough coal to keep them all op-  
erating at 100 per cent efficiency. Af-  
ter them follow:

First—The railroads.

Second—The munitions and steel  
plants.

Third—The public utility companies.

Fourth—The domestic consumer.

"Granny" Chamberlain

"No one who has not had Influenza can realize the suffering  
it causes or how it defies treatment. I know of nothing that will  
give such prompt relief as Chamberlain's Cough Remedy, for  
when it is taken the pain in the chest disappears, the fever sub-  
sides and the whole body becomes more comfortable.

Then again, the after effects of Influenza are often even more  
distressing than the disease itself, but they can be avoided if  
you use

## Chamberlain's Cough Remedy

Though the greatest danger from this disease is Pneumonia,  
I have never known a single case of Influenza to result in it when  
Chamberlain's Cough Remedy was freely given. The persistent  
cough that frequently follows Influenza can be relieved by  
Chamberlain's Cough Remedy, and should not be allowed to  
run on until it becomes troublesome."

## STUDY OF ANIMALS

Knowledge of Details in Life Histories Important.

## BEST MEASURES OF CONTROL

Biological Survey of Department of Agriculture Would Like to Know More About Habits of Obnoxious Rodents.

(From the United States Department of Agriculture.)

To prescribe the most effective measures for the control and eradication of rodents and obnoxious wild animals, the most intimate details of the life histories of the animals must be known. The biological survey of the United States department of agriculture is in need of this information. It would like to know, for instance, more about the breeding habits and young of ground squirrels, pocket gophers, kangaroo rats, pocket mice, wood rats, grasshopper mice, and harvest mice. Accordingly, the survey recently has sent a request to its field naturalists asking for more detailed study of many of the American mammals. Other persons interested are invited to send in reports of their study.

**Food Habits of Rodents.**  
Particular attention should be given, the request states, to locating and digging out the burrows of the various ground-inhabiting species. Measurements and detailed sketches showing the character of these underground habitations, the nesting and food chambers, and other peculiarities should be made. Insufficient information is available as to the quantity and character of the food many such animals store in their underground retreats or in other places.

The underground habits and young of shrews and moles, as well as winter chambers and nests of hibernating rodents, are insufficiently known. The breeding habits of bats are almost unknown, and every opportunity should be taken to study them, the statement adds. Bat caves or roosting places should be carefully examined and reported in detail. Close attention should be given to the food habits of all species and their relations to agriculture and forestry.

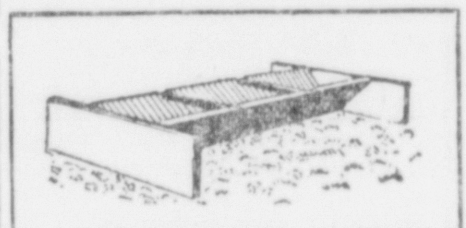

**Photographs Needed.**  
Field naturalists in charge of biological surveys of certain territories should familiarize themselves with the survey's collection of species from

their areas and be guided in their work by the needs of the collection. Good photographs are needed, particularly of the smaller species, their haunts, nesting places, and of whatever else illustrates their habits. The need of study as described for habits of animals applies with equal force to birds, the statement adds.

## V-SHAPED TROUGH IN FAVOR

One of Easiest to Make and Found Most Satisfactory—Have Enough and Keep Them Clean.

Troughs for pig feeding may not amount to much in the sum total of a farm's equipment, but they are very

necessary in pig feeding. A few feet of lumber, some nails and a saw and hammer, coupled up with a little time, will furnish these.

The time-honored V-shaped trough is one of the easiest to make and one of the most satisfactory after it is made. It is familiar to every man who owns and feeds swine. See that you have enough of them and that they are kept clean.

## FEW HOG FEEDING MISTAKES

Do Not Give Solid Before Liquid Food and Avoid Feeding All Sizes of Animals Together.

It is a mistake not to feed the liquid before the solid food.

It is a mistake to feed constipating food and do nothing to correct it.

It is a mistake to feed breeding-stuff as if you were fitting it for the market.

It is a mistake to feed all sizes together whenever the smaller ones are at a disadvantage.

### Advice to the Married

By AUNT SOPHIE  
(St. Paul Pioneer Press)

When night has fallen o'er the main  
And all the birds are still,  
I wish I were a girl again  
Instead of Mrs. Bill.  
But just the same I am in Dutch  
And wishes will not get me much!

Thus sings Mrs. William Whatnot, of Brainerd, Minn., who has written me a long and very interesting letter concerning her married life and the many rough spots she has encountered as a matron.

Aunt Sophie feels deeply for Mrs. Whatnot, who seems to be in the deepest grief over what she regards as the worst mistake of her career—her marriage. Aunt Sophie wishes that she could put her motherly arms around Mrs. Whatnot and brush away the unavailing tears that come when grief holds reign. Aunt Sophie knows what these tears are, having shed a few demijohns of them during her own tempestuous married life. Ah, yes!

I seems that William Whatnot has

Juvenile Entertainers Aiding Recruiting

the first entertainment that the children would do more than appear at a benefit to be given for the Returned Soldiers' Association of Winnipeg. But the children performed like professionals. With the inspiration of the cause they were working for and the consciousness that they could, by giving a finished entertainment, do something real to help the men in the trenches, the performance they gave was of such unusual quality that other towns in Manitoba wanted them and before the children knew it they were devoting most of their time to entertainments.

The formation of the company was a natural and logical result and the company is coming to this city next Tuesday and Wednesday nights to show the people here what they can do. The fund realized from the entertainment will go into the recruiting fund that is being used for both the American and the British services. Major Ned M. Green, U. S. Army, and Lieut. W. E. Bonner of the British Recruiting Mission, have polled their interests in this entertainment. The company includes Jackie Finesilver, Lillian Beck, Claude Farnsworth, Gordon and Freddie Holmes, Gracie Gilmer, Walter Hall, Donald Smith, Bennie Loban, Elizabeth Swanson and Helen Hyde with Miss Helen Murdoch as directress.

The matinees at the opera house will be given Tuesday and Wednesday afternoon at 4 o'clock. School children will be admitted for 15 cents, and no adults except teachers, their admission being 50 cents.

This morning Walter S. Baldwin of Duluth, Lieut. Bonner, Corporal Raymond Lowery and others met at the Chamber of Commerce with H. P. Dunn, chairman of the citizens recruiting committee and arrangements were there completed for giving the entertainments in Brainerd.

## Opening Night of "Chu Chin Chow"

BY MARGARET MASON,  
(Written for the United Press)

The negligees they wear these days  
Are simply out of sight.  
But you, my dear,  
In one, I fear,  
Can't hope to be—not quite.

New York, Nov. 10.—Diaphanous and gauzy, transparent, thin and sheer, are adjectives to be applied to negligees this year. Of filmy lace and chiffon, Georgette, illusion, too, when you've donned one there's no illusion left regarding you.

The opening night of "Chu Chin Chow", the wonderful display of Oriental costuming quite took my breath away. The latest styles of Bagdad were shown on models fair. I saw at once our negligees I'd tracked right to their lair. Revealing all, concealing naught, the beauties made parade, in gold and silver, bits of gauze and gorgeous hued brocade. Boleros, Turkish trouserettes and floating scarfs of gauze, afforded naught of camouflage for any little flaws.

And all the time in smartest shops along the Avenue, are offered similar designs of negligees on view, as Oriental, temperamental, elemental, too, as any now parading in the "Chu Chin Chow" review.

"Documentary robes in time" so reads the cryptic phrase, placarded in a window that shows such that doth amaze. Of course its on the Avenue and quite a nifty shop, and the show within it's window makes most everybody stop, except a poor old blind man as he passes, even he, hesitates a bit to listen even though he cannot see. For the negligees exhibited are loud and blatant, too, in Oriental colorings of every hectic hue.

Of Georgette crepe they all are made, one thickness, if you please, in one piece sort of shift designs, on some up to the knees, are crude and coarse and crewd designs embrodered and all by hand, while round the round neck and the sleeves repeats the crewd band.

A Georgette crepe of vivid green is done in yards of blue, red, yellow, heliotrope and black and almost every hue. Around the hem the belt and sleeves, all flowing, and the neck and two medallions of the yarns adorn each breast, by heck!

A purple robe hangs flowing down from belt or girdle any, adorning it are yarn designs, not just a few, but many.

A crepe of Gobelins blue is done in yarn all shades of yellow while one of rose when donned will have designs upon some fellow.

Why "Documentary" they're called I really cannot say, unless because off in divorce proceedings on display, as Documentary evidence is found a negligee.

For wear beneath these negligees are combinations show in crepe of color and designs in yarn to match their own.

Less worldly and more sweet sixteen a little model is, in pink or blue which most suits you. So very dainty 'tis. Of flesh Georgette the jacket waist all frilled in point d'esprit, shows underneath a satin band of ribbon rosy on which are rosebud garlands while the skirt full pleated falls. Its of a fashion always good whose beauty never palls. Another one of corn hue crepe has chiffon tunic blue. The Empire waist is flower girl. It's something very new.

Some chiffon velvet robes are here on flowing lines all banded in maroon or softer fur with tassels alken stranded adangle from their flowing sleeves and on the girdle ends. Indeed this robe more coversome more hope of comfort lends, in case a coalles winter we, like Europe, have to face, in which event deliver me from one of gauze and lace.

The boudoir caps are 'bout the same, they really don't much vary. Some now are showing fur pompons that are most chic—oh very. While turbans of brocade and gold are very smart to wear with harem robes or gorgeous hue that trousers boast, a pair. And with the documentary robes we've mentioned here-to-for of course they're yarn darned Georgette caps that you will just adore.

But this I know and tell you so, that whether cold or coaled if you have bought a gauzy robe and for it paid much gold. Although you shiver like a leaf you'll really have to wear it. You'll feel more dressed to wear a smile so simply grin and bear it.

## GADORNA IS DEPOSED

General Is Deposed As Leader of Italian Forces.

To Serve As Member of Allied War Committee—Succeeded

Italian Army Headquarters, Nov. 10.—General Cadorna has been relieved and General Diaz appointed first in command of the Italian armies, with General Badoglio second and General Grandino third.

General Foch, chief of staff of the French war ministry, and General Wilson, sub-chief of the British general staff, will serve on the inter-allied committee with General Cadorna.

General Diaz Rated High.

Among military officers, the decision of the Allies to create a permanent military committee, has caused great satisfaction. It is accepted as evidence that the Allies have awakened to the necessity for the closest union of the whole length of the western front for the political and military conduct of the war.

General Diaz is rated as one of the ablest Italian military leaders. For years he was connected with the general staff. He took part in the Italian war, serving as a colonel, and was wounded so severely that he asked to be wrapped in a flag, feeling that death was at hand. He has rendered distinguished service in the present campaign. He is from southern Italy.

Badoglio Is Northerner.

General Badoglio is a northerner. In the war he has been in command of a brigade of Bersaglieri, whose heroic deeds have done much to decrease the gravity of the disaster.

General Grandino as minister of war in the cabinet of Premier Boselli. He was one of the leading generals of the second army.

Placards were placed conspicuously throughout Tulsa bearing the warning:

"I. W. W.'s, don't let the sun go down on you in Tulsa!"

They were signed "The Vigilance Committee."

## Ship Lines To Save Food.

Washington, Nov. 10.—Representatives of 33 of the most important steamship lines have pledged themselves to follow the food conservation directions of the food administration. The steamship lines represented purchased more than \$100,000,000 worth of food supplies every year.

## Will Teach City Boys To Farm.

Chicago, Nov. 10.—City bred boys will be used to help harvest next year's crops. Camps to instruct members of the boys' working reserve will be established as the first move to enlist an army of workers for harvesting next year, officials of that organization decided here. Volunteers unfamiliar with farming will be sent to the camps for two weeks and then jobs as farmhands will be found for them. Officials decided to start a campaign to enlist 25,000 boys between 15 and 21 years of age.

## EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

THE SUBMARINE ON LAND

(Minneapolis Journal)

The German torch and the German bomb destroyed ten million dollars' worth of property in this country in the month of October. This included vast stores of food and war materials, as well as factories, stockyards and piers. In the Baltimore fire alone, five million dollars went up in smoke. The worst feature was that the loss included great quantities of supplies for our allies, all ready to ship.

Thus German spies actually accomplish on land precisely what the pirate submarines do at sea. They do the work at the source of supplies, and save the submarines the trouble later on.

The necessity for drastic measures to stop these continual losses all over the country is obvious. Of what use is it, the people will say, for us to save wheat and meats and sweets, if what we save is permitted to be blown up and burned up? Why should we make sacrifices of all sorts, if the fruit thereof is to be worse than wasted?

Two things those in authority should do energetically and at once. They should set better guard over mills and factories and depots; they should punish with swift and merciless severity every man they can catch whose complicity in such arson is proved.

It is evident that the Baltimore fire could have been forestalled by efficient guarding. So could the Kansas City stockyards fire. So could nearly every other such loss. Are the great elevators and mills and factories being thoroughly well guarded now, or is it easily possible for German agents to touch them off without much danger? There is not a moment to lose in seeing that thorough-going guardianship is established.

And arson must be made exceedingly dangerous. It is no longer safe to treat those who commit this crime leniently. For arson of this sort is now treason of the worst type. It means taking the food out of the mouths of our men in the trenches; it means depriving them of weapons and cartridges with which to do their work; it means cutting off the artillery supplies and all the other shew of war; it means the needless prolongation of the war and the killing of thousands of Americans uselessly.

It is no time to be namby-pamby and super-nice about these scoundrels who are setting these fires and exploding these bombs. They are no ordinary criminals to be fined or sent to jail for a few weeks. They are German soldiers fighting America at close quarters. They are spies in the service of the Hohenzollern, who have earned death according to all the laws of civilized warfare. Yet we intern them, we deport them, we discharge them under suspicion!

If they are put out of service in the German army of arson, there are always others to step into their places, others to take up the torch

and the bomb, others to fit into the intricate system of espionage.

When shall we wake up to the fact that we are at war? When shall we seize the spy system by the throat and strangle it utterly? When shall we fight the army of arson at close quarters and to the death?

The demon of fear is the worst, the most terrible evil that human beings have to struggle against. We require help from other sources than ourselves or our friends. All are welcome to the services.

First Congregational Church Rev. G. P. Sheridan will preach this Sunday in the First Congregational church on the theme "Solitude and the Soul." The choir will render special music. Prof. W. C. Cobb will also give a short address relating to the splendid effort being put forth by the Y. M. C. A. to help the boys in our army and navy. This will be our regular communion Sunday. All members and friends are urged to be present. The service will commence at 10:30. Bible school at 11:45, also the men's class will meet at the same hour. All men are cordially invited to join. Christian Endeavor at 6:45 at the home of Mr. and Mrs. R. K. Whiteley. We invite you to worship with

us. Rev. G. Phil. Sheridan, minister.

Methodist Episcopal Church The chorus and orchestra of the Methodist church, under direction of Dr. E. E. Long, are preparing some real musical treats for the winter months. Last Sunday evening there was a large attendance present and enjoyed the singing of the chorus assisted by Miss McCague, who also rendered a beautiful solo in her usual pleasing manner. The orchestra is composed of pupils of Wm. Rodenkirchen and is doing some excellent work. Miss Fern Hitt will render a violin offertory at the Sunday morning service. The choir will sing "Praise Ye the Lord," by Ulrich. At the evening service the orchestra will give a prelude number and also assist the chorus. Miss Signe Beck will be heard in a contralto solo. You are invited to come and enjoy these services.

Uses Zone Time at Sea. The French navy having recently adopted the use of standard or zone time at sea, the hydrographic service of the French ministry of marine has just issued a large chart of the world, on the Mercator projection, showing the limits of the standard hour zones on both land and sea, together with other pertinent information, says the Scientific American. The land areas in which standard time is used are indicated by red tinting for the even-numbered zones (beginning with zone 0, in which Greenwich time is used), and blue for the odd-numbered zones. Violet tinting is used in the case of countries such as British India, Nigeria, British East Africa and Venezuela, in which the legal time is intermediate between that of two standard meridians. Countries not using zone time are tinted yellow, and in case they use a uniform official time the difference between such time and that of Greenwich is indicated, also the location of the observatory, if any, from which the time is taken.

**"The Corner Grocer"**

From the play which ran over 900 nights in New York City, directed by George Cowl.

The old folks at home who are wrapped up in the future of their son, the young man who is lured to destruction by an adventuress, the young girls who love him and believe in him—these are the principal characters in this great drama. "The Corner Grocer" was a huge success on the stage—it is a bigger success on the screen.

# Sixty-Seven Million Dollars Is a Lot of Money

But That's the Sum the Motion Picture Men Are Going to Raise to Help Your Uncle Sam Bring About a Speedy End to The War With Germany and Knock Out Kaiser Bill

To swell this great Liberty-for-the-World Fund, the United States Government, through an act of Congress, has imposed on the theatres of the Nation a war revenue tax on each admission ticket or pass, and compelled them to pay a daily tax on every reel of motion picture film exhibited, and pay taxes on all other accessories. It's a big job, this tax collecting business, and coming right on top of the Federal income tax, the Federal license, State license, State tax, City and other taxes, the burden of the theatre man has become a tremendous one.

However, Uncle Sam is calling, and there is but one answer: "WE'LL GIVE THE GOVERNMENT EVERY CENT WE CAN."

To provide the most efficient method of collecting the amusement war tax we at first decided not to increase the prices of admission, and to try to handle the tax ourselves, but owing to our misinterpretation of the law which says "that the tax must be paid by the person paying the admission," we are compelled to make a tax charge of 1c or 2c. We will not charge a profit on the tax as Twin City houses are doing.

## Beginning Sunday, November 11th, 1917

The Theatres of Brainerd Will Require a Tax Ticket With Each Admission. 10c tickets require 1c tax. 15 and 20c tickets 2c tax.

Tickets May be Purchased at Box Office in Any Quantity of Either 1 or 2c Denomination. This Tax Goes Directly to the Government, and Not to the Theatre.

### THE BRAINERD THEATRE AMUSEMENT CO.

You May Still Reduce Your Admission to Less Than 10 and 15c by Buying Coupon Books. Inquire at Box Office or the Management.

## DEATH OF MISS HELEN N. KIEBLER

Popular High School Girl Succumbs to Complications of Diseases - Friday Evening

**A SINGER OF RARE PROMISE**  
Was to Have Been Soloist at the Coming Concert of Brainerd Symphony Orchestra

Miss Helen Nora Kiebler, daughter of Mr. and Mrs. Joseph Kiebler, 305 North Ninth street, died Friday evening of a complication of diseases. She was 19 years old and a senior of the high school.

She was born in Brainerd and widely known because of her musical talent. She studied vocal with Mrs. R. Campbell Ledward, of the Northwestern Conservatory of Music and gave rare promise of becoming a finished singer and musician. She sang at the Knights of Columbus entertainments and many other functions. She was a devoted member of St. Francis Catholic church, sang in the choir and was a member of the Sodality. She was to have been the soloist at the next concert of the Brainerd Symphony orchestra. She was a student member of the Brainerd Musical club.

She was taken sick last Wednesday and all efforts of physicians and nurses were of no avail. The death comes with particular sadness to the household of Mr. and Mrs. Kiebler. Five years ago they lost their son, Joseph, aged 15. But one daughter now remains in the home, Miss Geraldine.

The funeral will be held Sunday afternoon at 3 o'clock from St. Francis Catholic church, Rev. Father J. J. O'Mahoney officiating.

To the sorrowing family is extended the sympathy of the community.

## CAPTURES BIG MUDTURTLE

Riverton, Minn., Nov. 10.—R. Perault, while fishing at Cedar Lake, captured a 48 pound mud turtle, which is now being displayed in a window in the Crosby Meat Co.

D. J. Severance was exhibiting a 15 pound muskellunge which was caught by Policeman Andrew Burud.

## ROLL OF HONOR

W. F. Armsted, on a furlough from the Great Lakes training station, went to Minneapolis Saturday afternoon.

John Petraborg has gone to Omaha to join the aviation corps.

## "Turn to the Right"

"Turn to the Right!" the reigning comedy drama success by Winchell Smith and John E. Hazzard, which comes to the Park opera house for one performance, Sunday evening, December 9, is first of all chock full of fun, but plus this humorous side there is a big dramatic story with heart and soul in it. One sees the making of a man—sees him as he undergoes the changes from an outcast to an honest, worth-while citizen. Humorously he looks at everything and he puts a funny twist upon the everyday happenings of those who have been reared in the old atmosphere. "Turn to the Right!" is not an old-fashioned play; it is a play of a phase of life that many have undergone.

For those who enjoy sparkling humor, sweet pathos and love, both old and new alike "Turn to the Right" should fill a needed gap in the present day theatre.

## Business Meeting

## AGED MAN TAKES HIS OWN LIFE

Henry Tuttle, Aged 80, Thirty Years Resident of County, Commits Suicide at St. Mathias

**SHOOTS SELF WITH REVOLVER**  
Disrobed, Took to His Bed and Fired Shot Through Right Temple, No Motive Assigned

Henry Tuttle, age over 80, for thirty years farming in the county, committed suicide at his home on a farm in section 34, St. Mathias township, located a few rods from the border line between Morrison and Crow Wing counties. A revolver, purchased a few days ago either at Little Falls or Brainerd, was used to commit the deed and the bullet entered the right temple.

The old man had disrobed and lay in bed when he fired the shot. The remains were found by a grandson whose home was half a block away across the road. Tuttle was a widower, lived alone and a son, W. H. Tuttle, living across the road a few feet away boarded him all meals except breakfast.

The younger Tuttle has been at Little Falls some time and so the absence of the elder man was not noted until the grandson examined the premises.

## DISPATCH TOBACCO FUND

Tobacco is the Soldier's Greatest Joy, No Luxury is More Appreciated at the Front

If we all could understand the real state of affairs "over there" in France and Belgium we would be ashamed that we are not doing more for those brave American lads now on the firing line and the hundreds of thousands more who are to follow. Particularly when it is so easy to help.

A cigarette, according to the men who have been there, is the soldier's greatest joy. Every quarter contributed to our tobacco fund will make one soldier happy. Every quarter buys a 55-cent kit of tobacco and cigarettes and each kit contains enough to last even the hardest smoker a week.

Sir Edward Ward, director general of voluntary organizations in England, who has had actual experience in dealing with the soldiers' needs wrote recently to the promoters of a tobacco fund in that country as follows:

"I want to appeal to you to continue, and if possible extend, this branch of your work by providing even greater quantities of tobacco and cigarettes for distribution to the troops. No luxury is more appreciated by the soldiers than gifts of this nature."

In some of the shops the men have started a very good plan. It is to contribute 25 cents each month to the tobacco fund as long as the war lasts. To others it is suggested that they follow the plan of Ellis Parker Butler, the famous short story writer. Every time Mr. Butler buys a smoke he sets aside one for a soldier. "If I spend a dime," he said, "my soldier gets a dime; if I spend a dollar for tobacco my soldier gets a dollar's worth. He's going to smoke every time I do."

## IS THIS YOUR EXPERIENCE?

Many Brainerd People are Afflicted With Annoying Kidney Ills

Are you bothered with too frequent action of the kidneys? Are the secretions highly colored—do they contain sediment—burn and scald in voiding? These are all signs of kidney sickness and should not be neglected. Brainerd people recommend Doan's Kidney Pills. If your back aches and your kidneys are weak you will find no better recommended remedy.

A. S. Lindberg, 720 Elm St., Brainerd, says: "I was an awful sufferer from kidney complaint. The kidney secretions were unnatural and I had a dull pain in my back. It was almost impossible for me to bend over and colds made the trouble worse. I got Doan's Kidney Pills at Johnson's Drug Store and they rid me of the pains and other kidney ailments. I haven't had any kidney trouble to speak of since."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lindberg had. Foster-Milburn Co., Props., Buffalo, N. Y.

## ROAD CASE MAY LAST 2 WEEKS

Sensation Sprung in Koochiching County Trial When Geo. B. Partridge Was on Stand

**WARRANT OF \$4,000 WAS UP**  
Witness Refused to Divulge any Information Saying it Might Incriminate Himself

In the case of Koochiching county against the Northwestern Construction Co., wherein the county claims over \$50,000 damages because of alleged faulty construction of State Rural Highway No. 24, George B. Partridge, of the construction firm, was on the stand in the district court, Judge W. S. McClenahan presiding.

His testimony Saturday morning covered information regarding the building of the road. He testified regarding the partnership with Fred A. Harmon. They performed the work under contract, complying the best they were able with the terms of the contract.

In the early summer of 1914, unable to get certificates for payments by the county from the engineers on the job, and having exhausted their own resources in financing the work in addition to making their own payments, they made a demand on the county auditor for \$15,000.

At that time they had considerable supply material along the roads delivered during the winter when most convenient and inexpensive and placed at different points to be used in their operations.

The county auditor, said Mr. Partridge in his testimony, refused to issue a warrant without a certificate from the engineer and the witness then interviewed in his presence and certain members of the county board and in the presence of some one else whose name he could not give who was unaware of the quantity of supplies on hand and the conclusion was reached by the parties in discussion that the auditor should issue the warrant and the county would suffer no damage on the issuance of the warrant.

A personal transaction later between Partridge and Slocum, former county auditor, wherein Partridge had loaned \$1,500 to Slocum on his note, was gone into and Partridge stated he had been advised by his partner that the money had been repaid.

A sensation was sprung when Partridge was confronted by a warrant of \$4,000 issued September 29, 1914, and he was asked to state all he knew concerning the same, whereupon the witness declined to answer on the grounds that he might incriminate himself.

Partridge was advised by the court that if such was the case that he remain silent, which he did.

His attorney, F. J. McPartlin of International Falls, made a statement that the evidence sought to be elicited had been given to Attorney N. B. Arnold of Koochiching county confidentially and at his own request and under specific promise by Arnold at the time that its import would not be divulged at any time unless with the consent of the witness.

The illness in the family of Jacob Graff caused Judge McClenahan to excuse him from further service and the case, with the consent of the attorneys, has continued with 11 jurors.

The case may last from ten days to two weeks. Adjournment at noon was taken to Monday, 9 o'clock, with Mr. Partridge still on the stand.

## 100 Years Old

"The kidneys play a most important part in causing premature old age and death—the more injurious the poisons passing thru the kidneys the sooner comes decay"—so says a distinguished physician, who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid—drink plenty of water—sweat some daily and take Anuric before meals.  
This Anuric is put up in tablet form, and can be obtained at almost any drug store. For that backache, lumbago, rheumatism, "rusty" joints, swollen feet or hands, due to uric acid in the blood, Anuric quickly dissolves the uric acid as hot water does sugar. Discovered by Dr. Pierce of Buffalo, N. Y. Prevent old age by simply sipping a cup of hot water every morning before breakfast, taking a little Anuric before meals and live to be a hundred.

## A MINNESOTA MOTHER.

Mankato, Minn.—"About two years ago in expectancy, I became all run-down, weak, could not eat and if I did could not retain it. I was nauseated all the time, I had severe bearing-down pains and dreadful backaches as well. It was impossible for me to do any work, doctors did not seem to give me any relief. I was ready to give up when a friend recommended Dr. Pierce's Favorite Prescription. It only took four bottles of this medicine to give me strength and build me up, and I gave birth to a fine healthy baby. This medicine has done wonders for me."—Miss CLAUDE L. CRANDALL, R. F. ## BLAME LAID ON HUNS

Russell Says They Are Responsible For Russ Revolt.

German Influence and Propaganda Used For Deposal of Kerensky, He Asserts.

Des Moines, Nov. 10.—Charles Edward Russell, member of the Root commission which visited Russia, who is here on a lecture tour, said: "The deposition of Kerensky, if true, is largely due to misrepresentation in this country through German influence and propaganda."  
"When Kerensky hinted that Russia might lay down and quit the war, he was misconstrued."  
"Kerensky meant to warn, not to threaten. He did not mean to say that Russia would quit the allies. What he meant was that she might be forced to quit the allies if she did not get proper support."

Will Still Count.  
"Although she is racked by internal dissension, she is still holding three million German, Austrian and Bulgarian soldiers in action on the eastern front."  
Russell compared the Maximalists of Russia with the I. W. W. in this country and declared that they have no more chance of controlling Russia than the I. W. W. has of controlling this country.

"They control Petrograd, and are very strong in Moscow, but in other places are no more popular than is an I. W. W. with an American farmer."

## PROVOST GUARD THE STREETS

Patrol Busy in Twin Cities Rounding Up Soldiers.  
Minneapolis, Nov. 10.—A provost guard of six patrols, totaling about 50 men, three each in St. Paul and Minneapolis, to carry out Colonel A. L. Parmeter's order sending soldiers to their Fort Snelling cantonments at 9:30 p. m., and to aid in stamping out vice, has made its first appearance in the Twin Cities. At the same time a general exodus of the cities' underworld inhabitants was reported.

The soldier patrolmen traveled in pairs, and every soldier whom they caught on the streets at 9:30 p. m. or after was arrested and sent to Fort Snelling on an army truck. Members of the provost guard, assisted by the Minneapolis police, rounded up a group of twenty shortly before 9:30, loaded them on a truck and dispatched them to the fort.

The provost guard remained on the streets in the two cities until after 11 o'clock to round up any of the soldiers who had not obeyed the 9:30 ruling, and incidentally to find out in what kind of places they were spending their time. They had no jurisdiction over civilians.

Cuban Held As Suspect.  
Havana, Nov. 10.—Jose Linarias, a former employee of the Cuban post-office department, was arrested in Santiago de Cuba in connection with the cashing of fraudulent Cuban money orders in various parts of the United States.

Scores Treatment of "Suffs."  
New York, Nov. 10.—"Barbarous and inhuman" treatment of Alice Paul and Rose Winslow, suffragists, who have been forcibly fed in jail at Washington, was protested against by Mrs. O. H. P. Belmont of the National Woman's party, in a telegram to President Wilson. She declared that "even murderers" were privileged to buy special foods from the prison store, as the suffragists desire to do, and asserted "this latest persecution by the administration is causing dangerous popular revolt."

## REBELS ARREST PREMIER, RUMOR

Report of Capture of Kerensky By Russian Extremists Not Confirmed.

## MINISTERS IN PRISON

Majority of Cabinet in Confinement—Army Declared Marching on Petrograd—Cossacks Forming Republics.

Petrograd, Nov. 10.—"We plan to offer an immediate armistice of three months, during which elected representatives from all nations and not the diplomats are to settle the question of peace," said Nikolai Lenine, the Maximalist leader, in a speech before the Workmen's and Soldiers' congress.  
"We offer these terms," M. Lenine added, "but we are willing to consider any proposals for peace, no matter from which side. We offer a just peace, but will not accept unjust terms."

London, Nov. 10.—A dispatch to the Exchange Telegraph from Petrograd says the members of the Petrograd municipal council and the peasant delegates to the Workmen's and Soldiers' congress, together with the Maximalists, have decided not to acknowledge the authority of the Bolsheviks and will issue an appeal to the nation regarding the coup d'etat.

Geneva, Switzerland, Nov. 10.—With the idea of affiliating into a Russian confederation Cossacks of several great districts are organizing into separate governments. The move was started by the Kuhn Cossacks in proclaiming a republic among themselves.

Reports From German Sources.  
Reports from German sources furnish virtually the only fresh news regarding the situation in Russia, where the Maximalists are in control of Petrograd and are appealing to the army to support it "against Imperialist attempts" until it has obtained "a democratic peace."

One of these reports which was entirely without confirmation was that Premier Kerensky, who left the capital before the Extremists gained the ascendancy, had been arrested.

Ministers In Prison.  
Another German report, unconfirmed, declared the Russian army on the Russian front had joined the Maximalist movement and was marching on Petrograd. The great majority of the members of the Kerensky cabinet were made prisoners by the Maximalists when the winter palace, in which they had taken refuge, was bombarded by cruisers and its defenders compelled to surrender. They are in the fortress of St. Peter and St. Paul and are to be tried for complicity in the Korniloff revolt. Maximalists announce. General Korniloff himself is also to be brought to the fortress for trial by a military tribunal they declare.

Adhere To Rebel Committee.  
A dispatch from Helsinki, Finland, says that delegates from the Baltic fleet and army committees have resolved to adhere to the revolutionary committee.

The revolutionary committee at Reval has occupied all the important strategic points.

## AMERICANS ARE UNDER FIRE

German Soldiers Under 500 Shells Per Day On West Front.

With the American Army in France, Nov. 10.—There has been no special activity reported on the sector held by the American troops in France during the last two days. A continuous rain has interfered with artillery observations, but the Americans have been firing their usual number of shells daily. There is good reason to believe that some of these fell upon or near certain German battery positions and strategic points.

On an average 500 German shells daily have been coming over, but no damage from them has been reported. The American infantry still is struggling with mud and water despite the activity of the engineers in clearing the trenches.

To Dissolve Committees.  
Washington, Nov. 10.—The numerous subordinate committees of the Council of National Defense, including some of the leading business men of the country, soon will be dissolved and eliminated from government service. In making this announcement Director Gifford said arrangements have been made to perform their duties through the war industries essential to the government war supplies.

Negro Soldiers Must Stay in Camp.  
Montgomery, Ala., Nov. 9.—Negro troops encamped here probably will be denied freedom of the city as a result of a near riot. A spark would cause trouble now. The trouble was started when a negro chauffeur ran over a white woman. The report was carried to the negro theater district that a mob was preparing to lynch the negro. The negroes rushed from the theaters and took the negro chauffeur from the authorities. Two hundred military police soon had rounded up a hundred negro soldiers.

## 'SUFFS' SEE AID OF PRESIDENT

Country's White Ways Dimmed By Order of Fuel Administration.

## COAL TO BE CONSERVED

Sharp Discontinuance of Coal Supplies For Non-Essential Use To Be Ordered at Once.

Washington, Nov. 10.—Following a conference at the White House between the president and six leaders of the American Woman Suffrage association, hopes that President Wilson would support a constitutional amendment to grant a nation-wide suffrage to women at the coming session of Congress were heightened.

While the militant woman's party was charging a plot to railroad its leader, Alice Paul, to the insane asylum, and making plans to storm the White House with pickets, six dignified women, directors of the conservative branch, were quietly discussing in the President's study their coming campaign plans.

Visitors' Faces Beam.  
The result of the discussion was eminently satisfactory to the women. Their faces were shining and their air triumphant as they emerged into the executive offices. But the conference was followed by a gorgeous display of official camouflage.

Dr. Anna Howard Shaw, veteran leader of the fight for equal suffrage, led the way out of the conference. "Anything the President told us we naturally cannot tell," said Dr. Shaw. "That will have to come from him."

Secretary Tumulty then went into the President's study. He emerged a moment or so later with some stenographic notes on a small pad.

Mr. Wilson's Statement.  
"Here's the statement," he said. And here it is, just as he dictated it: "They came to thank the President for his help in winning the New York fight and to discuss the general situation."

Later Mrs. Catt said: "The President listened to all we had to say with apparent interest and asked us many questions. We stated to him the political situation, as viewed by suffragists since the victory in New York."

"We made clear to him that we believe it is the duty of the nation to grant the federal amendment now, in order that women may be saved the expense and the long struggle involved by state referendum."

President Assures Help.  
"We outlined the program before us. He said he did not see any reason why we should not carry it out. We asked if he could do anything to assist that campaign and he gave us renewed assurances of his sincere friendship for our cause. We believe that he is going to do everything he can to help us."

## LONGER WAR SEEN BY LONDON

Situation Considered Gloomy as Result of Russian News.  
London, Nov. 10.—Kerensky's fall at Petrograd means indefinite prolongation of the war, according to belief of the London press.

It means, also, in the belief of editorial writers, that henceforth a heavier burden is saddled on the United States and the Allies.  
The seemingly inevitable civil war was held to mean further disorganization, permitting withdrawal of more German troops from the Russian front—if not worse.

A majority of the London press made no concealment of its pessimism regarding Lenine and Trotsky, the two figures now in control at Petrograd. Both are regarded as entirely pro-German in sympathy.

Hope was expressed that their movement was superficial and confined to Petrograd alone, but the situation was regarded as gloomy.

## RAID PLANS ARE TIPPED OFF

Seizure of Hamburg Line Offices Reveals Work of Spy.

New York, Nov. 10.—The sudden seizure of the offices of the Hamburg-American line has revealed to federal officials of this city that a German spy has worked his way into a position where he can learn instantly some of the most important plans of the United States government.

As a result of the operations of that spy and his flash to officers or employees of the Hamburg-American line of the contemplated seizure important papers, it is believed, disappeared from the files of the concern.

Buyer For Allies To Save Millions.  
Chicago, Nov. 10.—Joseph B. Cotton, head of the meat committee of the federal food administration, will save the allies millions of dollars annually. This was the belief here when he actively assumed the position of purchasing agent for the entente. Competition of purchasing agents of foreign governments, resulting in bulging the market and excessive prices, will be eliminated. Allied governments no longer will be in the hands of speculators and food traffickers, officials pointed out.

## May Withhold Russ Loan.

Washington, Nov. 10.—A balance of \$114,000,000 in loans authorized for Russia may not be turned over if the Lenine-Trotsky peace faction gains control. The American government is not in the peace business and regards the Bolsheviks as aiding Germany. The United States has advanced \$210,900,000 out of the total \$325,000,000 so far authorized. Advance of the balance is contingent upon Russia continuing to be an active or potential enemy of Germany.

## Do Something Better Than the Other Fellow--- and ADVERTISE

Advertising cannot accomplish the impossible any more than barren ground can yield rich crop.

But how advertising does make things hum when the product and proposition are right, the men and methods above board, when there's an honest purpose and earnest effort from bundle boy to general manager to serve efficiency, to deal honestly, to sell good goods, to price fairly.

Oil up the machinery of your business, imbue your organization with the spirit of true service, make your business worthy of the good will, the confidence, the patronage of the people.

In this fertile field then sow the seed of advertising and it will bring forth abundant crops in increased business and augmented prestige.

Your store news in the Dispatch will be read in practically every home in Brainerd and vicinity every evening.
